SANFORD MANUFACTURING COMPANY

Main Office and Factory, Congress and Peoria Streets, Chicago

THE picture of the building above is the Main Office and Factory of the largest and most complete exclusive Ink Factory in the world. This immense plant has been found necessary to meet the growing demand for our products.

Business was inaugurated and conducted for some years in Worcester, Mass., by WM. H. SANFORD Incorporated in Illinois in 1864.

We are the pioneers and the originators of almost every idea that has been a benefit to this particular line. A comparison of lists from year to year will substantiate the various claims we make

**Inks, Paste, Mucilage, Etc.** We also wish to take this opportunity to thank the trade for the liberal support they have given us.

# WATER COLORS

## The Sanford Assortment of Liquid Water Colors

Sanford's Liquid Water Colors meet a demand for colors that are ready for use and require no mixing. A box of Sanford's Liquid Water Colors should be in every home. Splendid results can be obtained.

Put up in screw top, flat, wide-mouth bottles. Convenient to handle

The colors are bright and of beautiful shades. Very clean and easy to handle. Spread from the brush evenly and smoothly.

Can be used in air brush.

- Brown
- Green
- Violet
- Orange
- Yellow
- Black
- Light Red
- Light Blue
- Dark Red
- Dark Blue

These colors eliminate the annoyance experienced with mixing the old fashioned hard paints as these are dissolved ready for use.

Always Ready For Use

The box contains ten colors, as shown, two fine brushes, two glass mixing cups and a glass dropper.

The colors all mix well together and almost any desired shade may be obtained by combining or thinning them in the glass mixing cups provided for that purpose.

No. 1000. In Handsome Display Box, Per Box of 10 Bottles, \$1.00

The strongest glue in the market, always ready for use, mends everything—wood, glass, crockery, china, etc.

## Collapsible Tubes

Patented Nov. 18, 1902. The end of the tube is a small nozzle through which the glue can be applied in any quantity desired. A cup at the bottom of the nozzle will catch any overflow. The cap is lined with paraffine which avoids sticking to the cup or nozzle, prevents drying up, keeps the glue always in condition and ready for use.

Put up in individual cartons packed in 1 dozen Counter Display boxes.

The strongest glue in the market, always ready for use, mends everything—wood, glass, crockery, china, etc.

## Collapsible Tubes

Patented Nov. 18, 1902. The end of the tube is a small nozzle through which the glue can be applied in any quantity desired. A cup at the bottom of the nozzle will catch any overflow. The cap is lined with paraffine which avoids sticking to the cup or nozzle, prevents drying up, keeps the glue always in condition and ready for use. Put up in individual cartons packed in 1 dozen Counter Display boxes.

# WATER COLORS

The Sanford Assortment of Liquid Water Colors

Sanford's Liquid Water Colors meet a demand for colors that are ready for use and require no mixing. A box of Sanford's Liquid Water Colors should be in every home. Splendid results can be obtained. The colors are bright and of beautiful shades. Very clean and easy to handle. Spread from the brush evenly and smoothly. Can be used in air brush.

Brown, Green, Violet, Orange, Yellow, Black, Light Red, Light Blue, Dark Red, Dark Blue.

These colors eliminate the annoyance experienced with mixing the old fashioned hard paints, as these are dissolved ready for use. The box contains ten colors as shown, together, and almost any desired shade may be obtained by combining or thinning them in the glass mixing cups provided for that purpose.

Sanford's Library Paste.

For mounting photographs, paper flowers, scrapbook, office and general use. A pure, white paste which sticks instantly and will dry in ten seconds. Will not stain or discolor anything.

Special attention is called to Sanford's Utopian Paste Bottle, a new device obviating all the difficulty in the use of paste by keeping it always fresh and soft and the brush in proper condition. A central water chamber to hold the brush with a corresponding dome in the screw top to admit the handle. The brush being saturated with water will reduce the paste, as it naturally dries up from exposure when open, thus keeping the proper consistency. The brush furnished with this bottle is large and substantial.

The size of the neck in the quart paste bottles has been enlarged to the full diameter of the bottles, making it easier to remove all the contents. The cover closing the bottles is so constructed as to form a glass cup in the top, making a very convenient dish to use the paste from.

**Sanford's Indelible Ink.**

WITH STRETCHER, ETC

It writes darker than any other; it changes to a deeper black than any other; it is more permanent than any other. The bottle is large and has a wide mouth.

Container holding bottle of ink, stretcher, pens and holder, a handsomely decorated tin box with hinged cover, printed in three colors.

The stretcher is large enough for any name; but is made narrow to hold the fabric firmer and to guide in writing straight when one is unaccustomed to writing without ruled lines. It is all metal and is so compact and will hold the fabric so close to the table that the hand can rest on the table in the usual manner, giving a natural, easy movement to the fingers and avoiding the cramped appearance usually the result where the thick, clumsy stretchers furnished with other inks are used.

Packed one dozen in box of new design, making a handsome counter display, showing fully the size and style of the goods without exposing them, thus keeping stock fresh and clean.

NO. 448 With stretcher, penholder and pen. . . . . PER DOZEN. \$3.00

**Sanford's Indelible Ink.**

WITH BOTTLE OF INK IN BOX ONLY.

Put up one bottle in handsomely decorated round tin box and packed one dozen in elegant counter display box of new design that will show fully the size and style of the goods without exposure to the light or dust.

NO. 449 Bottle of ink in box only . . . \$2.25 PER DOZEN.
